Some extra guidance

Please use Copy & Paste not Cut & Paste, Cut can sometimes upset formulas.
Please don't use accents on letters (such as café), the Revenue's technology does not accept them.
If you are copying information from somewhere else (such as a set of accounts) please watch out for rounding problems – the monetary amounts must be £ and p, not fractions of a p. It is best just to work in £s, remember you can round income down to the nearest pound and expenses up to the nearest pound.
The Yes/No questions are generally set to No by default, select the Yes box if required, to unselect Yes, please select the Yes box again.

Capital Gains

Please see an extra section on our website for more information about using the Capital Gains section, www.sa2000.co.uk/saol.htm

HMRC Errors

HMRC has made some errors in its calculation of tax, please see www.sa2000.co.uk/2025-exc-indi.pdf
